COURSEWORK

UNDERGRADUATE
 Python(Advanced)
 Django(Intermediate)
 Data Structures and
 Algorithms(Intermediate)
 HTML5(Basic)
 CSS(Basic)
 Machine Learning(Basic)

SKILLS

PROGRAMMING
 Python • HTML5 • Javascript

TECHNOLOGIES

Jupyter Notebook
 Spyder
 Git/Github

EXPERIENCE

APTRON SOLUTIONS PVT. LTD. | MACHINE LEARNING TRAINEE
 June 2019- July 2019 | Gurugram, India

PROJECT

MY E-PORTFOLIO | DJANGO

Made my personal E-portfolio using Django(a python web-framework). Made two apps inside the portfolio project, portfolio(displays my basic information) and blog(displays my skills) with a navigation bar that has links to my CV, LinkedIn and Blog.Database used is SQLite.

TODOWOO | DJANGO

Made a website on which we can create our todo's. It has three sections create(for creating new todo's), completed(to display completed todo's) and current(for displaying todo's that are not completed). It asks for user Signup or Login then only a user is allowed to access any of the above sections. Database used is SQLite.

PASSWORD GENERATOR | DJANGO

Made this simple Password Generator where we can generate random passwords with one click.

ONLINE CERTIFICATION

MACHINE LEARNING BY ANDREW NG |MACHINE LEARNING
 I learnt basics of Machine Learning from this Course offered by Andrew NG on coursera.

INTRODUCTION TO BIG DATA |BIG DATA

This was the introductory course Offered by UC San Diego University on coursera. I learnt basics of Big data from this course.

DATA STRUCTURES AND ALGORITHMS IN PYTHON |DSA FROM CODING NINJAS

In this course, I learned a lot about various data structures like Linked Lists, Trees, Queues and Stacks. Besides Data Structures, Algorithms were also part of the course.

EXTRA CURRICULAR

Volunteer at The Art of Living
 Took Part in Adobe Photoshop Workshop
 Took Part in Doodle Workshop
 Received Silver medal in Acadmeci's Performance
 Took Part in International Science Olympiad
 I like to Meditate and Dance for relieving stress
 Interested in Badminton and Cricket
